

Dr. VINODH S

Coordinator – IQAC

Job Description

Position Purpose

To coordinate, monitor, and strengthen institutional quality assurance and academic excellence initiatives through effective execution of accreditation activities, examination quality processes, academic audits, compliance monitoring, documentation validation, and continuous quality improvement practices while supporting institutional quality objectives and regulatory requirements.

Key Responsibilities

1. Coordination of IQAC Operations

- Support the execution and monitoring of IQAC and examination-related activities across departments.
- Coordinate implementation and follow-up of tasks assigned by IQAC leadership and management.
- Facilitate communication and coordination among departments for timely completion of quality initiatives.
- Assist in maintaining alignment of institutional academic and quality processes.

2. Accreditation and Compliance Support

- Support follow-up activities related to NAAC, NBA, accreditation, and compliance requirements.
- Consolidate departmental submissions and validate supporting evidence for accreditation purposes.
- Monitor compliance with institutional quality benchmarks and reporting requirements.

3. Academic Audit and Quality Monitoring

- Participate in internal benchmark and AQAR audits.
- Participate in Course File Audits, Question Bank Audits, CIA Question Paper Scrutiny, and Answer Script Audits.
- Participate in End Semester Question Paper Scrutiny.
- Review audit observations and coordinate collection of Action Taken Reports (ATR).
- Track closure of audit observations and ensure implementation of corrective measures.

4. Examination Quality Assurance and Academic Assessment

- Coordinate Examination Cell activities for smooth conduct of Continuous Internal Assessment (CIA).
- Support planning, scheduling, and monitoring of CIA examination processes.
- Validate CIA question papers for:
 - Syllabus coverage
 - Bloom's Taxonomy alignment
 - Academic pattern adherence
 - Compliance with institutional quality standards
- Monitor examination documentation and assessment quality requirements.
- Support answer script audit and examination process improvement initiatives.

5. Documentation Verification and Quality Validation

- Verify event and activity documents for KPI claims.
- Review departmental submissions and evidence records.
- Support validation of academic and examination-related documentation.
- Ensure documentation completeness for accreditation and audit purposes.

6. Institutional Quality Improvement and Process Development

- Support preparation, revision, and implementation of Standard Operating Procedures (SOPs).
- Assist in developing quality monitoring and reporting mechanisms.

7. Institutional Reporting and Academic Tracking

- Support preparation of institutional reports, review documents, and quality summaries.
- Assist in preparation of Minutes of Meetings (MoM).
- Support ranking and benchmarking activities through data collection and validation.

Daily Responsibilities

- Follow up NBA / NAAC activities and departmental submissions.
- Verify event/activity documents for KPI claims.
- Coordinate CIA examination-related activities.
- Validate CIA question papers and examination compliance.
- Monitor academic and examination quality requirements.
- Review reports and supporting evidence documents.

Weekly Responsibilities

- Review progress of accreditation and quality activities.
- Coordinate follow-up and consolidation of accreditation documentation.
- Review audit observations and monitor ATR closure.
- Participate in IQAC coordination meetings and quality reviews.

Monthly / Periodic Responsibilities

- Coordinate Course File Pre/Post Audits.
- Support Question Bank and Question Paper Audits.
- Participate in BM and AQAR audits.
- Support institutional ranking and quality reporting activities.
