

Name: Mr. K. Muthusamy

Designation: Head – Technical Competitions and Hackathon

Date of Joining: 03.07.2017

Report to: Dr. K. Geetha – Principal Administration

Job Responsibilities – Academic Year 2025–2026

Academic Responsibilities

Teaching and Course Delivery

- ✓ Conducted both CAT and MAT sessions effectively as per the curriculum requirements.
- ✓ Handled the following courses during the Academic Year 2025–2026:
 - ❖ Electronic Circuits
 - ❖ Electronic Devices and Applications
- ✓ Implemented innovative teaching methodologies to enhance student learning outcomes and technical competency.

Student Development and Mentoring

- ✓ Motivated and guided students to actively participate in Project Expos, Hackathons, and Innovation Challenges conducted by various institutions and the Ministry of Education's Innovation Cell (MIC).
- ✓ Successfully organized and conducted the **Dimlight IoT Workshop** for second-year students, resulting in more than 100 students participating in external technical competitions and innovation events.
- ✓ Served as a trainer for **Arivupattrai 2025**, delivering Electronics and Electrical training sessions for first-year students.

Institution's Innovation Council (IIC) Contributions

IIC Convenor Responsibilities

- ✓ Actively coordinated, monitored, and uploaded various Innovation Council activities on the IIC Portal during the academic year.
- ✓ Represented the institution at the IIC Regional Meet conducted at PSG College of Arts and Science through poster presentations and entrepreneurship-focused activities.

- ✓ Contributed to KAPILA Portal initiatives by updating patent-related information and uploading supporting documents for intellectual property management and patent filing activities.

Professional Development

- ✓ Successfully completed **NPTEL – Introduction to IoT** with Elite + Silver Certification.
- ✓ Successfully completed **NPTEL – Cloud Computing** with Elite Certification.
- ✓ Successfully completed **NPTEL – Database Management System** course.
- ✓ Successfully completed a **One-Week QNX Training Program** and obtained certification as a **QNX RTOS Trainer**.

Recognitions and Awards

- ✓ Received the **Innovation Catalyst Award** for contributions towards the success of Smart India Hackathon (SIH) 2025.
- ✓ Received the **Yudhishtira'26 Mentor Award** for outstanding mentoring and student development.
- ✓ Awarded **Four Green Cards** in recognition of contributions towards:
 - ❖ QS Ranking Activities
 - ❖ Arivupattrai 2025
 - ❖ Smart India Hackathon 2025
 - ❖ Idea One National Health Hackathon
- ✓ Certified as a **College SPOC** for exceptional contribution to Smart India Hackathon 2025.

Major Achievements – Academic Year 2025–2026

Student Innovation and Hackathon Success

- Mentored the **GreenMinds Team**, which secured **Second Prize (₹7.5 Lakhs)** at the Pune Agri Hackathon conducted by the College of Agriculture, Pune (May 15–17, 2026).
- Successfully guided **11 teams** from RTC that were shortlisted for the Smart India Hackathon 2025 Grand Finale conducted across India.
- Achieved a remarkable milestone with **4 RTC teams winning the SIH 2025 Grand Finale**, marking one of the institution's most significant achievements.

- Mentored the **InzoraX Team**, which secured **First Prize (₹75,000)** in the **Idea One – National One Health Hackathon 2025** organized by ICMR and AICTE, New Delhi.
- Student Participation and Achievements**
- Facilitated participation of more than **450 students** in Hackathons, Project Expos, and Technical Competitions during the academic year.
 - Enabled student participation in over **45 State and National Level Events**, resulting in **30 prize-winning achievements**.

Roles and Responsibilities – Upcoming Semester (2026–2027)

1. Academic Responsibilities

- ✓ Handle **25EC301 – Digital Logic Circuits and Design** for both CAT and MAT sessions.
- ✓ Introduce activity-based learning and technical challenges to strengthen students' conceptual understanding and practical skills.

2. Student Mentoring and Innovation Development

- ✓ Continue mentoring students for participation in national and international innovation competitions.
- ✓ Focus on major initiatives including:
 - ❖ Smart India Hackathon (SIH) 2026
 - ❖ AI-Based Innovation Challenges
 - ❖ Singapore–India Hackathon 2026
- ✓ Increase student participation in external technical events to more than **600 students** during the academic year.

3. Institution's Innovation Council (IIC)

- ✓ Lead institutional innovation activities with the objective of achieving a **4.5-Star IIC Rating**.

4. Arivupattrai 2026

- ✓ Plan and deliver Electronics and Electrical training sessions for incoming first-year students.

5. Professional Development and Research

- ✓ File a minimum of **three patents** during the academic year.
- ✓ Publish research papers in reputed journals.
- ✓ Complete at least **two NPTEL certification courses** in emerging technologies.
- ✓ Participate in Faculty Development Programmes (FDPs), Workshops, and Industry-Oriented Training Programmes to strengthen technical expertise.

6. Technical Events and Knowledge Sharing

- ✓ Conduct a minimum of **five Dimlight Sessions** focusing on emerging technologies.
- ✓ Organize workshops, hackathons, innovation challenges, and technical skill-development programmes for students.
- ✓ Promote a culture of innovation, entrepreneurship, and interdisciplinary learning within the institution.
