

Mr Ujwal Varma K

Assistant Professor/Experiential Learning,IIC Mentor

Reporting to Mr Muthusamy K – Head Technical Competitions and Hackathons

D.O.J.: 04.10.2023

Achievements and Responsibilities Carried Out During the Last year 2025-26

- Actively contributed to the **Institution's Innovation Council (IIC)** activities during the academic year 2024–25 by coordinating, monitoring, and uploading various IIC activities on the IIC portal.
- Facilitated and mentored faculty members across departments to initiate and conduct **Innovation Council Meetings, IIC Calendar Activities, Celebration Activities, and Self-Driven Activities.**
- Supported **Innovation Ambassadors** by guiding them in planning, conducting, and uploading innovation-related activities, thereby strengthening the institution's innovation ecosystem.
- Assisted students in participating in the **YUKTI** Innovation Challenge by mentoring them and facilitating the submission of innovative ideas through the YUKTI portal.
- Participated in **the IIC Regional Meet** conducted at PSG College of Arts and Science and represented the institution through poster presentation and entrepreneurship-related sessions.
- Contributed to **KAPILA portal** activities by updating patent information and uploading supporting documents required for patent approval and intellectual property management.
- Supported the **Institution Industry Centre cell** by monitoring, documenting, and updating meeting records and related activities.
- Played a significant role in **QS Ranking** documentation and coordination activities, contributing towards the institution achieving **Platinum Ranking** under the **Advanced Entrepreneurship Criteria.**
- As a member of the Experiential Learning Team, delivered Electronics sessions for **Arivupattrai** programmes conducted for first-year students.
- Supported the **Smart India Hackathon (SIH) 2025** activities and assisted in student mentoring and event coordination.

- Assisted in conducting **CAT sessions** and experiential learning activities for students.
- Maintained and monitored IoT laboratory equipment and components to ensure smooth execution of practical sessions and workshops.
- Assisted in mentoring students during **IoT Dimlight** Workshops and innovation-based technical activities.
- Received the Best Mentoring Award during **Yudhishira 2026** for mentoring and supporting student project initiatives.
- Earned **innovation ambassador** certificates
- Successfully completed multiple professional certification courses, including:
 - NPTEL Silver Certification – **Introduction to IoT and Industry 4.0**
 - NPTEL Silver Certification – **Fuzzy Sets, Logic and Systems & Applications**
 - NPTEL Certification – **Database Management Systems**
 - Coursera Certifications in **AR/VR/MR/XR Technologies, Python Basics, and AI for Everyone**
 - Cisco Networking Academy Certifications in **Networking Basics, Introduction to IoT and Digital Transformation, and Introduction to Cybersecurity**
 - Simplilearn Certification in **Introduction to Generative AI**
 - ICTRD Certifications in **Artificial Intelligence & Machine Learning and Generative AI for HR Professionals**

Roles and Responsibilities Planned for Next Year/Semester

- Work towards achieving a 4.5-Star or higher rating in the **Institution's Innovation Council (IIC) performance assessment**.
- Increase the number and quality of IIC Calendar Activities, Celebration Activities, Self-Driven Activities, and Innovation Challenges conducted across departments.
- Improve Innovation Ambassador participation and ensure timely completion and uploading of activities through the **IIC** portal.
- Enhance institutional performance in **KAPILA** by encouraging patent filing, copyright registration, and intellectual property awareness programmes.

- Assist **mentee institutions** in organizing Innovation Council Meetings, Celebration Activities, Self-Driven Activities, Innovation Challenges, and Entrepreneurship Development programmes under **mentor mentee scheme** as our institution are selected as mentor institution
- Help in mentoring **Atal Tinkering Lab (ATL) school** activities initiative by conducting innovation, design thinking, electronics, IoT, and STEM-based learning activities
- Organize workshops, expert talks, innovation challenges, design thinking programmes, and entrepreneurship awareness activities for students.
- Support the **experiential learning team** in **SIH 2026, arivupattrai 2026** in coordinating and execution of events, **CAT** sessions mentoring students for innovation competitions and startup-related activities to increase institutional achievements and recognitions
- Support the preparation of documentation and evidence required for higher **IIC ratings**

Professional Development Goals for Next Year/Semester

- Enhance **technical skills** in Python programming, data analytics, cloud computing, and AI-driven applications. embedded iot based projects ,Achieve advanced proficiency in **technical field**
- Complete additional NPTEL, Coursera, Cisco, and industry-recognized certification programmes relevant to **emerging technologies**.
- Participate in faculty development programmes, workshops, conferences, and innovation forums to improve **professional competence**.
- Contribute towards achieving higher **institutional rankings and innovation performance** through continuous learning and implementation of best practices.
- Support the institution in achieving maximum **IIC Rating** and further strengthening the campus innovation culture.
- Contributing to research and innovation activities by **publication and filing patents**
