

Kasi Dharani T – Assistant Professor / Experiential Learning

Rathinam Technical Campus

Reporting to Mr.K.Muthusamy -Head -Technical Competition and Hackathon

D.O.J:24.11.2025

PROPOSED JOB ROLE – NEXT SEMESTER

- Mentor and guide students for participation in Smart India Hackathon (SIH) 2026, inter-college hackathons, technical competitions, and innovation challenges.
- Support students in project development and prototype implementation.
- Successfully organize and deliver three DIMLIGHT workshops focusing on skill enhancement and industry-relevant technologies.
- Develop hands-on learning modules and practical sessions to improve student engagement.
- Publish one IEEE research paper in a reputed conference or journal.
- Prepare and submit one patent application based on innovative research work or product development.
- Guide students in the courses handled during the semester through regular mentoring and academic support.
- Encourage participation in coding contests, technical symposiums, project expos, and innovation events.
- Will serve as a Trainer at Arivupattarai, delivering technical training in the Electronics Domain and conducting hands-on learning sessions for students.

PREVIOUS SEMESTER

- Served as a Faculty Mentor for SRISTI'2026, guiding students in project development and innovation activities.
- Participated as a Faculty Mentor in the IDE Bootcamp, supporting students in ideation, design thinking, and entrepreneurship-related activities.
- Conducted a DIMLIGHT Workshop on "Simulate to Innovate: Mastering Multisim" as a Resource Person, providing hands-on training in circuit simulation and design.
- Organized and coordinated DIMLIGHT Workshops on:
 - IoT LIVEVIEW Real-Time Data Monitoring & Web Integration
 - SenseLive : Real-Time Data to Web Insights
- Served as a Mentor for Mechatronics and CSE RL teams during Yudhistras'26, guiding students in project execution and technical presentations.
- Handled Electronic Devices and Circuits (EDC) courses for first year Mechatronics students, and successfully conducted MAT (Module Assessment Test) and CAT (Continuous Assessment Test) sessions, providing academic guidance and performance evaluation.
