

PRIYADHARSHINI U (RTC06083)

Assistant Coordinator – IQAC

Job Description

Position Purpose

I support the effective functioning of the Internal Quality Assurance Cell (IQAC) by coordinating quality assurance, accreditation, audit, and documentation activities. My responsibilities include managing IQAC communications, tracking departmental reports and submissions, coordinating Extended Profile and NAAC Criteria 7 activities, conducting course file and sample answer script audits, and consolidating KPI. I assist in organizing IQAC meetings, preparing presentations and reports, monitoring end-semester question paper submissions, and maintaining quality-related records. Additionally, I coordinate financial follow-ups related to IQAC activities and provide documentation, data consolidation, and administrative support for NIRF, ranking, and other institutional quality initiatives to ensure compliance and continuous quality improvement.

Key Responsibilities

1. Communication and Follow-up Coordination

- Manage all incoming and outgoing IQAC-related email communications.
- Draft, review, and circulate official emails, notices, reminders, and follow-up communications to departments, faculty members, committee coordinators, and administrative offices.
- Monitor responses and ensure timely submission of required information, reports, and supporting documents.

2. Event Report Tracking and Monitoring

- Monitor the submission of event reports from all departments.

3. Extended Profile and NAAC Criteria 7 Coordination

- Function as the Internal Coordinator for Extended Profile metrics and NAAC Criteria 7 (Institutional Values and Best Practices).
- Track departmental progress and ensure timely submission of required data.
- Consolidate data and prepare reports required for institutional quality assessments.

4. Course File Audit Activities

Pre-Audit Activities

- Review course files before the commencement of each semester.
- Verify lesson plans, course outcomes, mapping documents, assessment plans, and teaching schedules.
- Identify gaps and communicate observations to faculty members for correction.

Post-Audit Activities

- Review completed course files after semester completion.
- Verify documentation related to teaching-learning processes, assessments, and academic activities.
- Consolidate audit findings and prepare reports for management review.

5. Sample Answer Script Audit

- Conduct audits of selected answer scripts.
- Sample answer script audits by comparing evaluated answer scripts with the approved answer key and marking scheme to verify the accuracy, consistency, and fairness of the evaluation process.
- Document findings and communicate observations to departments.

6. KPI and Academic Audit Data Consolidation

- Collect and consolidate NBA Documentation KPI scores from the concerned School Deans.
- Gather Academic Audit scores and NBA documentation marks.
- Consolidate and finalize departmental KPI scores and communicate the finalized results to the concern stakeholders through official email correspondence.

7. IQAC Meeting Coordination

- Coordinate the preparation of agenda items for IQAC meetings.
- Collect action taken reports, departmental updates, audit findings, and quality initiative data.
- Prepare PowerPoint presentations and supporting documents for quarterly IQAC meetings.
- Communicate meeting schedules and follow up on participant confirmations.
- Record and maintain meeting-related documents for future reference.

8. End-Semester Question Paper Tracking

- Monitor the submission status of end-semester question papers.
- Coordinate with departments and Controller office to ensure adherence to timelines.
- Maintain tracking sheets and submission records.
- Follow up on pending submissions and communicate status updates to management.

9. Financial Follow-up and Budget Coordination

- Track Imprest Cash and Operational Expenditure (OPEX) requirements related to IQAC activities.
- Coordinate with Accounts and Administration Departments regarding approvals, reimbursements, and financial documentation.
- Maintain expenditure records and supporting documents.
- Follow up on pending financial transactions and budget utilization requirements.

10. Support Activities

- Coordination, documentation, and data consolidation support for NIRF submissions, and institutional ranking activities as required.
