

SHOBHNA E (RTC06508)

Associate Executive – IQAC

Job Description

Position Purpose

As an Associate Executive in the IQAC, I am responsible for supporting quality assurance activities that help maintain and improve academic and administrative standards within the institution. My role includes coordinating academic audits, monitoring examination-related processes, maintaining records and documentation, collecting and verifying data, and assisting with NAAC AQAR activities, particularly for Criteria 3 and 6. I work closely with faculty members, department coordinators, and administrative offices to ensure the timely completion of assigned tasks, compliance with institutional policies, and the accuracy of records and reports. Through effective coordination and documentation, I contribute to the smooth functioning of quality assurance and accreditation-related activities.

Key Responsibilities

- Conduct Pre- and Post-Audits of Course Files to ensure compliance with academic and institutional requirements.
- Track and monitor the submission of CIA Question Banks and Question Papers and coordinate question paper setting activities.
- Verify, print, and securely handle CIA Question Papers in accordance with examination procedures and confidentiality requirements.
- Perform Answer Script Audits, maintain audit records, and follow up with departments regarding discrepancies and pending submissions through official communications.
- Maintain adequate stock of A4 paper reams, answer booklets, and other examination stationery, supporting proper inventory control and timely replenishment.
- Coordinate Model Practical Examination activities, including schedule follow-up, preparation, and printing of examination front sheets.
- Assist in the collection, verification, compilation, and maintenance of data and supporting documents for NAAC AQAR reporting, particularly for Criteria 3 and 6.
- Prepare and maintain examination-related records, reports, and documentation with accuracy, confidentiality, and proper record management practices.
- Coordinate with academic departments to ensure the timely completion of examination, audit, and accreditation-related activities.
- Ensure adherence to institutional policies, quality standards, examination procedures, and established deadlines.
- Provide administrative and operational support for IQAC initiatives and contribute to the continuous improvement of academic quality assurance processes.
